

Brian & Evelyn...

...are a couple we have had the privilege to get to know over the past 4 months that we have been attending Nansana Bible Church. What we have learned so far is that they are unashamedly smitten with each other and are absolutely adorable to watch together. They are both smiley and love to serve others in any way they can. Evelyn is shy and likes to serve behind the scenes while Brian is an outgoing and jolly guy.

Brian & Evelyn began living together 2 years ago before they became followers of Jesus. During the last two years they both have placed their trust in Jesus and are seeking to learn and grow in their relationship with Him. At our recent marriage retreat they shared with Prince that they were increasingly convinced the way they are living is not pleasing to God, and they want to get married officially before the Lord.

However, like so many others at our church, they do not have the money it takes to get married. Brian shared with Prince he was hoping to raise enough money by October to be able to go and do the traditional visit required to ask Evelyn's parents and family if they would allow him to take their daughter.

Prince counselled them to not wait till October but to present their need to the church and allow us as the body of Christ to come alongside them and support them in this very important step in their lives.

We are happy to share that Prince will be driving Brian & Evelyn and a group of his family members to her village, about 7 hours away, on July 22nd. This is an important step to ask if they can move forward to plan their wedding.

Brian has been so fearful of the process because of the lack of money but the body of Christ has encouraged him, and they are as giddy as can be! It is our prayer that the Lord would be glorified

as they seek to follow His perfect ways and plans. We are looking forward to doing premarital counseling with them to prepare them for doing marriage God's way!

Thank you, West Rome Baptist Church, for your continued generous contributions over these past few months to this ministry making it possible for us to have the chance to walk alongside couples like Brian & Evelyn!

Gratefully Yours,

Prince & Heidi 😊
