

October 2019

Dear Friend,

We knew our church's gas boiler was on its last legs, so it came as no surprise when it died one Sunday in early September. That day two church ladies gave donations towards its repair or replacement. And in the following week, two more gifts came in. Needless to say, this was a blessing! After the engineer came out, and saw its age and condition, we realized we had gotten more years out of it than could have been expected. So, Lord willing, a new boiler will be installed, before the cold winter months. Please pray for God's continued provision for this need and the ongoing church expenses.

Prayer requests for Church folks:

- Paul, our neighbor has been back to church, but he continues to face ongoing challenges in his life. His family is unsaved.
- Carole, a church lady, continues with cancer treatments. Pray for her strength and unsaved husband.
- Mary a single mom, and her teenaged daughter, who is trying to live for the Lord in the public school.

Pray also for our upcoming furlough during the summer of 2020: blessed meetings, safety in travel, and new support. Pray for an itinerary with little or no backtracking, as we'll only be Stateside 3-4 months.

We praise the Lord that David (our son) and Faith (his wife) will be our furlough replacements. Pray for God's blessing as they serve here, provision of airfares, and fruit for their labors.

This Sunday is our October Thanksgiving Service. This is always a blessed time of praises to God and testimonies of faith. Thank you for your prayers and support so the Gospel work can go forward.

Gratefully yours,

Mark and Joanne Landon
