Scotland

Dear Praying Friend,

Scotland continues on a lockdown, although a few restrictions have eased. We can now go out for longer times and farther from home. We've continued to do food shops and drops, email and phone folks, and send email sermons—or put them through their doors. How encouraging to read their comments from messages or gratefulness for deliveries. One lady's unsaved husband prints off the sermons for her. Pray for his salvation, as he just started coming out to church the last 2 weeks before the lockdown.

We continue to work ahead on sermons and lessons, enjoy hobbies, and have re-read favorites inspirational books and biographies. The Lord continues to provide conversations with folks over the fence or road, on walks, and in the lines while waiting outside the grocery store. One man we just met was a former professor at a university in Mississippi. Please pray for wisdom in conversations and fruit unto salvation. It's been a blessing to serve during the pandemic, and we thank the Lord for keeping us here during this time.

Prayer Focus:

1. Continued health and safety, opportunities to witness, blessing in ministry, fruit unto salvation.
2. Obedience of believers and health and safety; one of our church ladies work in the local hospital.
3. Pray for another church lady with terminal cancer; she is a bright testimony, but most of her family is unsaved.
4. Wisdom to serve most effectively.

Your prayers, support, and concern are very much appreciated. Thank you for your part in the Gospel outreach here. God bless and reward you, even during this pandemic.

Psalm 97:11 "Light is sown for the righteous, and gladness for the upright in heart. "

Gratefully yours in Christ's service,

Mark and Joanne Landon
